## SUMMARY

Driven and well-rounded full stack web developer with a web development certificate in progress from The University of Wisconsin. Experience in web design utilizing proficiencies in both front-end and back-end programming, with the ability to design, build and maintain web applications. Strong abilities in problem solving and communication with a propensity for on-the-fly critical thinking and adjustment to the changing needs of a team or project.

## TECHNICAL SKILLS

**Softwares/Platforms:** Express.js, React.js, Node.js, testing, computer science, database theory, MongoDB, SQL, Git, BootstrapCSS, TailwindCSS
**Software Languages:** HTML, CSS, JavaScript, Python

## PROJECTS

**Dungeons and Dragonites**
GitHub Repo: https://github.com/ktunebe/dungeons_and_dragonites
Deployed Application: https://ktunebe.github.io/dungeons_and_dragonites
- A dungeon crawl game using PokeAPI and D&D 5e API. Use a random Pokémon to fight an endless barrage of D&D monsters.
- Roles: Front end designer for battle page, including animations and modal pop-ups. Dice roll and battle logic Javascript.
- HTML, TailwindCSS, Javascript, API fetch requests

**HoliDb**
GitHub Repo: https://github.com/ktunebe/holiDB
Deployed Application: https://holidb.onrender.com
- A movie search database using the TMDB node package to find movies, tag them by holiday, or even create your own holiday. This uses PostgreSQL and Sequelize to keep track of users, movies and holidays.
- Roles: Front end design and styling, search functionality, Handlebars helper functions..
- HTML, TailwindCSS, Javascript, API fetch requests, Express.js, Node.js, Handlebars, PostgreSQL

**Console.blog()**
GitHub Repo: https://github.com/ktunebe/magnificent-virtual-compositions-tech-blog
Deployed Application: https://mvc-tech-blog-65rn.onrender.com
- A blog allowing users to add posts and comment on others using a Model-View-Controller Framework and a PostgreSQL database.
- Role: Start to finish creation, development and deployment
- HTML, TailwindCSS, Javascript, Express.js, Node.js, PostgreSQL, Sequelize, Handlebars

**General Dentist**                                                                                     2015-2023
**Dr. Perry K. Tuneberg and Associates**                                          Rockford, IL

Practiced as a general dentist, which involved diagnosis and treatment of dental conditions, caring for and educating patients, and a strong leadership role in a diverse team environment. Also gained proficiencies in working with dental software and digital radiography.

- Oversaw day-to-day responsibilities of a team of about 25 employees while at times seeing 25-30 patients per day.
- Well-respected member of the dental community and consistent involvement in charitable events and donated dental service programs.
- Winnebago County Dental Society Board Member 2019-2022, including President from 2021-2022
